

WARRANTY DETAILS

CUSTOMER SATISFACTION REPLACEMENT The Home Depot offers customers a 90 Day Satisfaction Replacement Guarantee for carpet purchases. If you are not satisfied with your new carpet, for any reason, please contact your local The Home Depot store and one of our store Associates will coordinate the replacement of the carpet for another style or color of equal value in accordance with this warranty. Customers have the option of replacing the purchased carpet for carpet of either greater or lesser value. If you choose to replace your purchased carpet with a carpet selection of greater value you will be responsible for the difference in price. If you replace your purchased carpet with a carpet selection of a lesser value no monetary compensation or reimbursement will be paid.

LIMITATIONS The Home Depot's 90 Day Satisfaction Replacement Guarantee will not apply to carpet that has been glued down, vandalized, altered, damaged by smoke or fire, flood, lightning, wind, or subject to any abuse, or any disaster is not covered under The Home Depot's 90 Day Satisfaction Replacement Guarantee. Additionally, this Guarantee does not apply to conditions covered by any retail manufacturer warranty. This 90 Day Satisfaction Replacement Guarantee is limited to a one-time replacement and is limited to the replacement of the carpet only. This Guarantee does not include pad or costs associated with the delivery or installation of the replacement carpet. Ask an Associate for more details.

RECEIVING REPLACEMENT CARPET Please contact The Home Depot store where the original carpet was purchased to initiate the process of receiving a carpet replacement. If you have any further questions about the 90 Day Satisfaction Replacement Guarantee, please see a store Associate for details.

THE HOME DEPOT LIMITED EXTENDED WARRANTIES GENERAL TERMS AND CONDITIONS All limited warranties only apply to carpet purchased from The Home Depot and installed in owner occupied residences where no commercial activity, including rental or day care, takes place. These warranties exclude carpet which has been put in commercial use, abnormal use or conditions, any type of abuse, vandalism, or damage by smoke, fire, storm, flood, hurricane, wind, lightning or any natural disaster. Any repair or replacement under these limited warranties will be coordinated by The Home Depot and will be limited to the affected area only and adjacent areas extending to the nearest wall, doorway, or entrance. To qualify for warranty coverage, all carpet purchased from The Home Depot must be installed over carpet cushion which meets the HUD UM 729, Class 2 standards. These HUD standards set minimum standards for carpet cushion for density (lb./ft.), thickness (in.), weight (oz. sq. yd.), and other physical characteristics which determine performance. These limited warranties are conditioned upon your compliance of recommended carpet care and cleaning procedures and are voided if not followed.

CARPET INSTALLATION Pricing only applies to basic installation labor for carpet and pad from The Home Depot in single family residential homes for one or more rooms. Basic installation labor does not include custom or optional labor such as moving furniture, removing and hauling away existing flooring and installing flooring on steps. Multi-family and commercial jobs will be done by quote only. Offer not valid on glue down carpet installations. Offer available in all U.S. The Home Depot stores.

TRUST OUR 10% PRICE GUARANTEE *If you find a current lower price on an identical, in-stock item from any retailer, we will match the price and beat it by 10%. Excludes special orders, bid pricing, volume discounts, open-box merchandise, labor and installation, sales tax, rebate and free offers, typographical errors and online purchases.

90-DAY CARPET SATISFACTION GUARANTEE ♦♦Replacement carpet only of equal or lesser value. Does not include labor. See contract for guarantee details.

CARPET MAINTENANCE PLAN The Home Depot Carpet Maintenance Plan is valid for 3 years and is available on all non-commercial indoor carpet installations. Please see an Associate for more information or call 1-800-557-5221. Refer to Terms and Conditions for complete details, including obligation and exclusion information. IN FLORIDA, THE OBLIGOR IS UNITED SERVICE PROTECTION, INC. The plan must be purchased before the carpet is installed.

INSTALLATION GUARANTEE All installation services provided by insured, licensed (where applicable) and background screened independent contractor The Home Depot Authorized Service Providers. License numbers held by or on behalf of Home Depot U.S.A., Inc. available @ homedepot.com/licensenumbers or at the Special Services Desk in The Home Depot Store.

We reserve the right to limit quantities to the amount reasonable for our regular customers. In the event of an error, we will make every reasonable effort to accommodate our customer. Details on any product warranty available at store. ©2010 Homer TLC, Inc. All rights reserved.

QUICK QUESTIONS TO GET YOU STARTED

There are a number of considerations that go into the carpet buying process. If you spend a few moments thinking about the following simple questions, you'll be well on your way to selecting the perfect carpet.

THE HOME DEPOT GIVES YOU MORE WAYS TO SHOP
ONLINE [homedepot.com/carpet](https://www.homedepot.com/carpet)
IN THE STORE 1,900+ The Home Depot locations nationwide

1 HOW QUICKLY DO YOU NEED YOUR NEW CARPET?

Special order carpets may take up to two weeks to arrive. The Home Depot offers a number of options to accommodate customers who are on a tighter schedule.

Flexible timetable? You can choose from all our collections, starting on page 14.

No time to spare? Check out our Quick Installation options on page 18.

3 DO YOU HAVE CHILDREN AND/OR PETS?

Carpets with high stain resistance are recommended for homes with children, pets, or both children and pets. Thanks to modern fiber technology, you don't have to sacrifice on style, comfort or value to enjoy maximum stain resistance.

For a list of our **most stain resistant** carpet choices, please see page 13.

VISIT THE STORE TO LEARN MORE

The Home Depot's flooring Associates have the experience, know-how and resources to help you determine the carpet solution that meets your needs and your budget.

2 WHERE IS THE CARPET GOING TO BE INSTALLED?

Family rooms, hallways and other spaces that see heavy traffic require carpet that's extremely durable. Bedrooms, dining rooms and other areas may not require the same level of durability.

For a list of our **most durable** carpet options, please see page 13.

4 WHAT DO YOU LIKE OR DISLIKE ABOUT YOUR OLD CARPET?

Are you looking for a new color or style? Would you like a choice that's environmentally friendly? Do you want a softer feel from your new carpet? How about a more casual or a more elegant look? Are you interested in a carpet that's constructed not to pill or shed?

Whatever you have in mind, we can help you find the ideal solution. Simply turn the page to start the process of selecting a new carpet you'll love.

More saving. More doing.®

GET THE LOOK AND PERFORMANCE YOU WANT

The Home Depot offers four basic styles of carpet. Each style has its own unique appearance and set of characteristics and benefits.

THE HOME DEPOT GIVES YOU MORE WAYS TO SHOP
ONLINE [homedepot.com/carpet](https://www.homedepot.com/carpet)
IN THE STORE 1,900+ The Home Depot locations nationwide

TEXTURE

Texture carpet is a great choice for high traffic areas. The pile's smooth surface gives the space a traditional look.

Recommended for:
 Main living areas
 Hallways
 Living rooms

TWIST

Twist carpet is casual and stylish, yet durable. These styles give rooms a modern, updated look.

Recommended for:
 Bedrooms
 Sitting rooms
 Media rooms

LOOP

Loop carpet provides maximum durability for high traffic areas. It makes the perfect answer for active rooms.

Recommended for:
 Recreation rooms
 Basements
 Workout rooms

PATTERN

The distinctive looks of pattern carpets make a visual impact. Large-scale or small, their designs set any room apart.

Recommended for:
 Formal rooms
 Dining rooms
 Basements

FINDING THE RIGHT LOOK IN OUR STORE

We've made finding the style you want simple. Just look for the Texture, Twist, Loop and Pattern icons in the carpet department at your local The Home Depot.

More saving. More doing.®

IT'S ALL IN THE DETAILS

When you're shopping for carpet, don't overlook fiber type, carpet pad or warranty level – you may not notice a difference, but selecting the right type of fiber, pad and warranty will keep your carpet looking and feeling its best for years to come.

ABOUT CARPET FIBERS

There are four primary carpet fiber options to choose from: nylon, polyester, olefin and wool. The benefits associated with each type of fiber are outlined below.

NYLON DURABLE

Nylon is the most popular carpet fiber option. It is the strongest and most durable fiber available. Nylon is the best choice for high traffic areas.

POLYESTER STAIN RESISTANT

Polyester combines superior stain and fade resistance with vibrant coloration. Thanks to recent advances, new polyester styles are green (P.E.T.) and very soft to the touch.

TRIEXTA SOFTNESS

Triexta, found in our SmartStrand® Collection, is a unique, new fiber type made with 39% corn sugars, a renewable resource. Carpet made with Triexta offers extreme softness and a high level of stain resistance.

OLEFIN INDOOR/OUTDOOR

Olefin is the least expensive carpet fiber. In addition to being very stain resistant, olefin isn't affected by UV rays. It is often used for indoor/outdoor carpets.

WOOL NATURAL

Wool is the premier carpet fiber. It offers excellent durability with a soft, luxurious feel. Wool carpets are only available at select The Home Depot stores.

ABOUT CARPET CONSTRUCTION

Carpets are made using either bulked continuous filament (BCF) or stapled yarns. While both types of yarn offer equal durability, they are very different:

Depending on style, the tops of the strand may be sheared

The continuous fiber produces a strong, unified structure

The top of all the fibers can be the exact same length

The thick fibers are stapled in place, not woven

BCF WON'T SHED

BCF carpets don't pill, shed or fuzz. BCF yarn is similar to a long roll of string – the fiber is tufted into the carpet in a single continuous strand, which keeps it firmly in place from the time the carpet is installed.

STAPLE TAILORED

Thanks to completely uniform fiber length, the carpet's surface offers a smooth, tailored, finished look. Staple carpets may shed some fibers initially – this won't affect long-term performance or durability.

SELECT THE RIGHT CARPET PAD

The Home Depot offers you multiple styles of carpet pad. We'll help you select the appropriate type of pad for your style of carpet, your area and your personal preferences.

RE-BOND

- The most common type of carpet pad – made from recycled materials
- Choose from various thickness and density levels
- Upgraded options with moisture barrier protection are also available

FOAM

- An extremely moisture resistant pad option
- Provides soft cushioning underfoot
- Available anti-microbial treatments are an additional benefit of foam carpet pads

RUBBER

- Commonly used in cold climates
- For the most part, rubber carpet pads have similar qualities to those found in foam padding
- Unlike foam, rubber can be used with under-floor heating systems

THE HOME DEPOT GIVES YOU MORE WAYS TO SHOP

A QUALITY CARPET PAD IS A SMART INVESTMENT

Purchase the best carpet pad your budget allows. In addition to making things feel more comfortable underfoot, a good pad will help the carpet last longer and keep seams intact.

More saving. More doing.®

YOU CAN TRUST THE PROFESSIONALS

In addition to unbeatable selection and value, every one of our carpet showrooms is staffed by knowledgeable carpet professionals. They are not on commission, so their primary goal is helping you select the carpet that meets your needs and your budget.

STILL HAVE QUESTIONS? CHECK THE LABEL

You can find a wealth of information just by flipping over our carpet samples – every one of them has a helpful label on the back (see facing page for details).

THE HOME DEPOT GIVES YOU MORE WAYS TO SHOP
ONLINE homedepot.com/carpet
IN THE STORE 1,900+ The Home Depot locations nationwide

UNDERSTANDING OUR CARPET LABEL

All of our carpet labels are designed to make it simple for you to identify the fundamental aspects and features of every carpet we sell. You can use the carpet label to get a quick overview of each carpet or you can compare everything individually, from fiber content to warranty level.

- FIBER** What the carpet is made of (see page 8 to learn more)
- CONSTRUCTION** The label indicates BCF or staple (see page 9 to learn more)
- FACE WEIGHT** The weight of fiber (in ounces) per square yard of carpet (a higher number indicates greater density and thickness)
- TWIST** The number of times each fiber is twisted per linear inch (the higher this number, the better the durability and resiliency)

ABRASIVE WEAR
Covers against fiber loss from normal foot traffic/wear. Affected areas will be replaced.

STAIN AND SOIL
Covers against stains that can't be removed or color change. Affected areas will be professionally cleaned or replaced.

TEXTURE RETENTION
Covers against loss of fiber texture from normal foot traffic/wear. Affected areas will be replaced.

UNDERSTANDING OUR WARRANTIES**

Look for the highlighted box to determine the carpet's warranty level. The Home Depot offers Select, Deluxe, Premium and Platinum Plus warranties – coverage varies depending on your warranty level. Each warranty covers three component areas – abrasive wear, stain and soil and texture retention – for 7 to 25 years or more.

**See page 25 for warranty details.

A WORD ABOUT WARRANTY COVERAGE

It is important to follow basic care instructions in order to maintain warranty compliance. For full details, see page 25 of this guide or visit the Service Desk at your local The Home Depot.

More saving. More doing.®

SIMPLE CARPET SOLUTIONS

CHOOSE FROM A WIDE SELECTION OF CARPETS DESIGNED TO FIT YOUR STYLE AND YOUR BUDGET

PROTECT YOUR INVESTMENT

THE CARPET MAINTENANCE PLAN

Protect your new carpet and help maintain the manufacturer's warranty with scheduled yearly cleanings from Chem-Dry®. Keep your carpet looking its best with Chem-Dry® – the world's leading carpet and upholstery cleaner.⌘

Chem-Dry's hot carbonating extraction equipment and solutions have received the Platinum Seal of Approval from the Carpet & Rug Institute.

Chem-Dry is Drier. Cleaner. Healthier.®

DARE TO COMPARE THE TOTAL PROJECT

When you take a look at the The Home Depot's price vs. the competition's, it's clear that our total project price – including carpet, pad, professional measurement and installation – can't be beat.

THE POWER OF LOWER PRICES. GUARANTEED:
If anyone tries to go lower, **WE'LL BEAT THEIR PRICE BY 10%**

ADVANTAGES OF CHEM-DRY®

Saves Time	Carpet dries in 1-2 hours	• Carpet can be used the same day
Peace of Mind	Maintains your manufacturer's warranty	• Manufacturers' warranties require professional cleaning of carpets every 12-18 months
Saves Money	Carpet stays cleaner, longer	• Chem-Dry's hot carbonating extraction deep cleans, leaving virtually no dirt-attracting residue that can cause rapid resoiling
More Enjoyment	Promotes a healthier environment	• Chem-Dry uses less water than other methods, minimizing drying time and reducing the chance of mold, mildew and bacterial growth • Chem-Dry's cleaning solution contains no soap, detergent, optical brightener, bleach, phosphate or harsh chemicals

TO LEARN MORE ABOUT THE CHEM-DRY® CARPET MAINTENANCE PLAN, JUST ASK AN ASSOCIATE

⌘Chem-Dry® service may not be available in your area. Where Chem-Dry® is unavailable, you are assured of receiving cleanings that incorporate industry-recommended cleaning features, performed by a comparable third-party service provider. See store Associate for more details.

PROFESSIONAL MEASUREMENT

A licensed and certified flooring specialist will visit your home at a time that's convenient for you. Your project quote will be updated once measurements have been completed. We'll review your product selection, installation, options, final price and project process. At this point, professional installation will be scheduled and your measurement fee will be applied to the purchase price of your installation. Visit your local The Home Depot or homedepot.com/carpet to schedule a professional measurement today.

PROFESSIONAL INSTALLATION

Once you've made your selections and had your measurement completed, it's time for professional installation. We'll make an appointment that fits your schedule. Your flooring professional will obtain all necessary permits and licenses before installation.

OUR INSTALLATION[◇] GUARANTEE

We stand behind all of the work provided by the independent flooring specialists within The Home Depot network. Our experts:

- Are fully licensed (where applicable)
- Are insured to The Home Depot standards
- Meet or exceed industry standards and certifications for flooring installation
- Have been selected by The Home Depot for their craftsmanship, reliability, timeliness and customer service
- Deliver quality services that are guaranteed by The Home Depot

◆, ◇ See page 26 for details.

PROJECT ESTIMATE WORKSHEET

To get a preliminary estimate of your project's total cost, simply complete this worksheet.

MEASURE and record the square footage of the room(s) you wish to carpet (including closets).

Room 1 _____ Length x _____ Width = _____ Sq. Ft. **Room 3** _____ Length x _____ Width = _____ Sq. Ft.

Room 2 _____ Length x _____ Width = _____ Sq. Ft. **Room 4** _____ Length x _____ Width = _____ Sq. Ft.

FILL IN the prices of your top two carpet choices and calculate a rough estimate to compare the price of each job. **Total Job** = _____ Sq. Ft.

OPTION 1

PRODUCT/LABOR	YOUR UNIT PRICE	X	YOUR SQ. FT. JOB	=	YOUR JOB TOTALS
Carpet/Sq. Ft.	_____	x	_____	=	_____
Carpet Pad/Sq. Ft.	_____	x	_____	=	_____
Basic Install - Whole House				=	_____
Carpet Maintenance Plan				=	_____
Total Job (Carpet and Pad with Basic Installation and Carpet Maintenance Plan)				=	_____

OPTION 2

PRODUCT/LABOR	YOUR UNIT PRICE	X	YOUR SQ. FT. JOB	=	YOUR JOB TOTALS
Carpet/Sq. Ft.	_____	x	_____	=	_____
Carpet Pad/Sq. Ft.	_____	x	_____	=	_____
Basic Install - Whole House				=	_____
Carpet Maintenance Plan				=	_____
Total Job (Carpet and Pad with Basic Installation and Carpet Maintenance Plan)				=	_____

Please note that this worksheet is only a guide. Your Associate will give you an accurate price quote following your professional in-home measurement, which may include extra carpet required to ensure a proper fit.

More saving. More doing.®

GET READY.

INSTALLATION CHECKLIST

If you're going to be home while your carpet is installed, plan accordingly – installation usually takes a day or less, but you won't be able to use the room(s) where it's being installed for a period of time. With that in mind, reading over and filling out the items on this checklist will help everything go smoothly.

BEFORE INSTALLATION BEGINS, BE SURE THAT:

- Heating/cooling and ventilation systems are in good working order
- Electricity and water are directly available in the work area
- The installation area's vents are covered to contain any dust or debris
- There's a clear path for easy access to the installation area and for debris removal
- Furniture and floors are covered as needed
- All breakables and electronic equipment have been removed and/or disconnected
- Furniture has been removed from the room(s) receiving the new floor. If you prefer, The Home Depot can move furniture for you. Ask your sales Associate for more information

DURING THE INSTALLATION

On installation day, our licensed, insured installers will be on time, courteous and efficient. They'll have the equipment they need, and they'll be ready to install your new carpet. You won't need to provide any tools or materials. All we ask is that you:

- Have an adult with the authority to make installation decisions available
- Keep children and pets away from the installation area

That's it! We'll take care of the rest. When the installation process is complete, our team will:

- Vacuum and clean the installation site
- Remove all installation-related debris
- Conduct a final inspection of your new carpet for your approval
- Provide you with carpet warranty and care information after the installation

AFTER THE INSTALLATION

- Change your air filters
- Make sure all doors work properly – substantially thicker carpet may result in doors no longer swinging freely
- Carefully move furniture and other items back into the room(s)
- Put appropriate protectors on the feet of chairs, tables and other furniture to avoid damaging your carpet
- Immediately begin proper care and maintenance. Always follow the manufacturer's recommendations to maintain your warranty and keep your new carpet looking its best. See pages 19-20 for warranty details

THE HOME DEPOT GIVES YOU MORE WAYS TO SHOP
ONLINE [homedepot.com/carpet](https://www.homedepot.com/carpet)
IN THE STORE 1,900+ The Home Depot locations nationwide

WARRANTY DETAILS

CARPET CARE**

1. Vacuum frequently — minimum of two times per week.
2. Clean spills promptly. Immediately scoop up as much of the spill as possible. Then blot, do not rub, area with a white cloth and warm water. Always work from outer edge of stain or spill toward center to avoid spreading.
3. Professional cleaning once every 18 months is required for coverage of limited warranties. Carpet cleaning technician uses a hot water extraction cleaning method. The Home Depot recommends professional cleaning once every 12 months to keep your carpet looking its best.

LIMITED STAIN AND SOIL WARRANTY **During the applicable warranty period, if the surface pile of your carpet becomes stained and the stain cannot be removed using procedures recommended in this brochure, a The Home Depot Associate will coordinate service for qualified stains (subject to limitations listed). This warranty also covers noticeable color change in surface pile of carpet due to the accumulation of dry soil as a result of foot traffic from normal, indoor household use which cannot be corrected. Noticeable color change is defined as a change less than 3 using standardized rating scales (AATCC Evaluation Procedure 1 Grey Scale for color). If covered stains or soil discoloration cannot be removed, The Home Depot will coordinate replacement for the affected area only with identical carpet, or carpet of comparable value. Stain and soil warranty service is limited to stains caused by most common foods, beverages, and color changes due to deposits of dry soil as a result of foot traffic from normal, indoor household use, which cannot be corrected. No carpet is fully stain proof. Therefore, neither The Home Depot nor its carpet manufacturers extend warranty coverage to any of the substances or causes of damage identified below:

- Non-food and non-beverage substances, including but not limited to, cosmetics, bleaches, inks, etc.
- Foods and beverages that contain strongly colored natural dyes as found in but not limited to, mustard, coffee, herbal tea, curry powder, turmeric, etc.
- Substances that destroy or change color of carpets, including but not limited to, stains caused by dyes, bleaches, acne medications, drain cleaners, plant foods, etc.
- Pet or human stains such as vomit, blood, urine, feces, etc.
- Foot traffic deposits from grease, asphalt, tar, soot, cement, appearance or color changes on stairs or damage due to burns, tears, cuts, pulls, shading or pile reversal, furniture depressions or damage done by athletic equipment.

The Home Depot offers a Carpet Maintenance Plan which includes one professional cleaning every 12 months to help keep your carpet looking beautiful and meets the minimum requirement for warranty coverage.

LIMITED WEAR WARRANTY **During the applicable warranty period, your The Home Depot carpet will not incur fiber loss from abrasive wear by more than 10% in any area. "Fiber loss from abrasive wear" is defined as actual loss of fiber, due to abrasion, from the surface pile of the carpet and does not include damages caused by, or resulting in, tears, pulls, cuts, pilling, shedding, burns, pets, fuzzing, matting, crushing, pile reversal, fading, improper cleaning, improper installation, or defective construction. Damage caused by improper cleaning methods and materials is also excluded. Fiber loss is determined by comparison to non-traffic areas. If your carpet is determined to have lost 10% or more of its fiber due to abrasive wear, The Home Depot will coordinate replacement of the affected area only (area extending to the nearest wall, doorway, or entrance) with carpet of comparable value. Carpets installed outdoors, on stairs, in bathrooms, kitchens, or in areas subject to other than normal foot traffic are not covered by this warranty. Face Weight is the number of ounces of fiber in a square yard of carpet. Face weight is measured as tufted pile yarn weight according to the ASTM (American Society for Testing Materials) method D-418. Due to several processes involved in manufacturing, such as shearing, the actual finished face weight may reflect a variance of up to 7%. The weight is determined, compensating for the factor of commercial moisture regain, as defined in ASTM D-1909. The ASTM measurements are accepted industry norms and the most accurate means of determining face weight.

LIMITED TEXTURE RETENTION WARRANTY *During the applicable period of your warranty, the surface pile of your The Home Depot carpet, when installed over The Home Depot recommended carpet cushion, and under ordinary foot traffic, will retain its texture without tufts losing twist, bursting, blooming, or opening. Texture retention is the ability of carpet tufts to retain their visible shape, and not burst, bloom, open, or lose twist, and is measured by using an international standardized rating scale ranging from 5 (new or no change) to 1.0 (severe change). If your The Home Depot carpet fails to maintain a texture retention rating of at least 3.0 for the specified warranty period, The Home Depot will coordinate replacement with a carpet of comparable value for the affected area only (area extending to the nearest wall, doorway, or entrance). Carpets installed outdoors, on stairs, in bathrooms, kitchens, or in areas subject to other than normal foot traffic, under athletic equipment, or depressions caused by furniture are not covered by this warranty.

More saving. More doing.®
