

# HOW TO MAKE A WREATH CHANDELIER

**SKILL LEVEL: INTERMEDIATE**  
**TIME: 60 MINUTES**

## YOU WILL NEED:

- Martha Stewart Living™ Holiday Frost wire-edged ribbon – silver
- Martha Stewart Living Holiday Frost ornaments (100 ct.)
- Martha Stewart Living Holiday Frost ornaments (72 ct.), includes finial ornaments
- Sparkling Pine wreath
- Scissors
- 28-gauge wire
- Wire cutters
- 1/4-inch-by-2-inch nickel-plated steel welded ring
- Cardboard

### STEP 1

Place the wreath face down on a tabletop. Cut two pieces of ribbon to the length at which you want the chandelier hanging from the ceiling. Attach one piece of ribbon to the wire wreath form at the 12 o'clock position with a tight double knot.

### STEP 2

Pass the other end of the ribbon through the large ring, then tie a knot directly across from the first knot at the 6 o'clock position on the wire form.

### STEP 3

Attach the second piece of the ribbon to the wire form with a knot at the 9 o'clock position, then pass the other end through the same large ring. Attach to the form at the 3 o'clock position. Fluff branches to fill out the wreath shape.

### STEP 4

Prepare wire lengths for ornament hanging: Cut a piece of cardboard to measure 3 inches. Wrap 28-gauge wire around the cardboard about 25 times. With wire cutters, cut the wrapped wire off the cardboard at one edge. The result should be twenty-five 6-inch pieces. Repeat to create additional ornament wires.

### STEP 5

Wire ornaments: Fold wire about  $\frac{3}{4}$  of an inch up from one end and thread it through the hanging loop of an ornament. Twist to secure. Repeat for each ornament.

### STEP 6

Attach ornaments to the wreath by twisting ornament wires around the branches. Fill the wreath with hanging ornaments. Note: Longer hanging ornaments may be more easily secured once the wreath has been hung.

### STEP 7

Attach the large ring to hanging hardware in ceiling.
